About six o'clock last evening two heavy laden schooners were towed into the river, but the task was severe and too much for one tug to accomplish, so that two were equired to stem the rapid current. We learned no new disasters at this port further than mentioned in last evenings LEADER. By 6 o'clock last evening the lake had become ealm but no one had yet visited the wreck of the Arabian. None of the bodies of the ill-fated crew had up ? that time been recovered. The beach for a souple of miles was lined with curiosity seekers. A man and woman narrowly escaped drowning in the afternoon under the following circumstances: They were seated in a small cance, neither capable of nanaging it and were being hurried out into the lake by the rapid current, the cance every moment filling with waves that dashed over her. Just on the point of swamping a sudden lurch brought the cano near the pier, where it was seized by som bystanders and the imprudent couple saved from what might have been a watery grave. A large number of vossels were seen i

Gold received a very decided blow or serie of blows to-day, the price opening at 1533 according to the Board of Trade dispatche at noon, and thence declining to 1507 as reported by the regular press dispatches at half past two o'clock. This result was prob ably chiefly due to the better character of nancial and commercial advices from Eng nd, received last night and this morning he important features of which were as dvance of 16214 per cent, in the price of ive-twenties, a large gain in the builtien count of the Bank of England, giving omise of a reduction in the rate of dis unt, and increased bnoyancy in cotton nd general produce. But on the other hand he speculators, who took advantage of the irst gush of apprehension resulting from the announcment that a Enropean war was nevitable, to run up the premium, doubtess discovered that they were betting gainst the public judgment, as well as gainst the realities of the situation, and rithout plunging deeper into difficulties out of made haste to get back upon solid round.
